F449 TRAINING CAGE DRONE

DESIGNED FOR SAFE TRAINING AND BASIC FLIGHT PRACTICE

TRAIN ► PRACTICE ► LEARN ► MASTER

360° SAFETY CAGE

Full protective cage ensures safe training and prevents damage

EASY TO FLY

Beginner friendly controls with stable and smooth handling

DURABLE BUILD

Strong and lightweight design for long lasting performance

SAFE & RELIABLE

Li-Po battery with protection for secure operation

MISSION ROLES

PILOT TRAINING & SKILL DEVELOPMENT

BASIC FLIGHT PRACTICE

EDUCATIONAL INSTITUTIONS

INDOOR & OUTDOOR TRAINING

FUTURE DRONE OPERATORS

KEY FEATURES

- ⊙ Quadcopter configuration with 360° protective safety cage
- ⊙ High-efficiency brushless motors with ESC
- ⊙ Advanced flight controller with stabilization
- ⊙ Protected propeller system inside cage
- ⊙ Li-Po battery with compatible charger
- ⊙ 2.4 GHz remote controller with receiver
- ⊙ Flight time: Approximately 10–12 minutes
- ⊙ Control range: Up to 1 km
- ⊙ Ideal for indoor & outdoor training and basic flight practice
- ⊙ Safe, durable and easy to use for beginners

SPECIFICATIONS

	CONFIGURATION	Quadcopter with 360° Protective Cage
	MOTORS	High-efficiency Brushless Motors (4 pcs)
	FLIGHT CONTROLLER	Advanced Flight Controller with Stabilization
	PROPELLER SYSTEM	Protected Propeller System Inside Cage
	BATTERY	Li-Po Battery
	REMOTE CONTROLLER	2.4 GHz Remote Controller with Receiver
	FLIGHT TIME	Approximately 10–12 Minutes
	CONTROL RANGE	Up to 1 km

PACKAGE INCLUDES

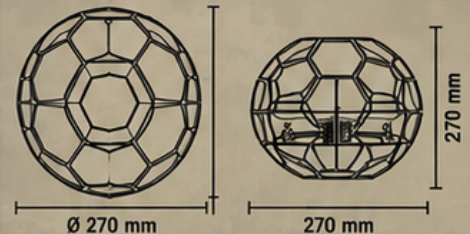

- Training Cage Drone
- Brushless Motors (4 pcs)
- Propellers
- Flight Controller
- Li-Po Battery
- Battery Charger
- Remote Controller with Receiver
